## Important Dates Coming Up:

Registration Deadline for Spring Leadership Conference is **February 5th, 2020**. The Spring Leadership Conference will be on **February 21-22, 2020**.

## Fall Leadership Conference

October 12, 2019

This year's Fall Leadership Conference took place at East Central High School on October 12, 2019. The theme for this conference was Ready For Takeoff. This conference was very successful, and Area 1 raised a total of \$115.00 for the National Pediatric Cancer Foundation as a part of the High Five Pediatric Cancer Research Challenge. Students participated in breakout sessions such as Stop The Bleed and Moulage. The school that took home the spirit stick award was Byron P. Steele High School.

We hope that all of y'all continue to show your Area 1 spirit by wearing orange at the Spring and State Leadership Conference. On behalf of the Area 1 officer Team we would like to thank Heidi Pease for serving as this conference's chair, and we also want to thank all the breakout session speakers and all of Area 1 for coming to this conference and making it a blast!

The Key Note Speaker at this year's Fall Leadership Conference was Dr. Ann-Lousie Lockhart. She is a Pediatric Psychologist and Board Certified in Clinical Child and Adolescent Psychology. She earned her Master's and Doctorate from the Arizona School of Professional Psychology in 2006. She is a woman who cares immensely for her patients, and we would like to give her a huge thank you for speaking at this conference and for inspiring our future health professionals.

## Spring Leadership Conference

February 21-22, 2020

This year's Spring Leadership Conference will be held at Seguin High School on February 21-22, 2020. The theme for this conference will be Set Your Sights Among the Stars! The Officer Team has planned some fun activities for the social such as a "It's your Time to Shine" lip sync battle.

Make sure to bring some extra money because you will have the opportunity to pie an officer in the face as a way of eliminating pediatric cancer off the face of this universe. This money will be donated to the National Pediatric Cancer Foundation. Also make sure to show your school's spirit at this conference so that you can take home the spirit stick. We can't wait to see you there!
