NATIONAL PEDIATRIC CANCER FOUNDATION

OUR NATIONAL SERVICE PROJECT

The National Pediatric Cancer Foundation was chosen at ILC in Dallas this past summer as the HOSA National Service Project. In order to curb childhood cancer, the National Pediatric Cancer Foundation aims to raise awareness and funds for pediatric cancer research. Do your part in supporting the national pediatric cancer foundation by fundraising and becoming an ambassador.

During lunch at our Fall Leadership conference, the area officers collected cash donations in the form of coins and bills as part of a fundraiser for the NPCF. In total, we fundraised **$128** in that short period. We would like to thank everyone that donated "change" for "change!"
