

AREA TWO

WELCOME BACK TO HOSA

Issue No. 1 | August 13, 2021

"Area 2 seeks to build strong relationships between chapters and empower future healthcare professionals"

The Year to Come

As Area 2 officers, we plan to better connect with school chapters through fundraising events, social media outreach, and conference socials. We wish to highlight the successes of the unique school chapters that make up our amazing area. Our goals for this year include raising at least five hundred dollars for the HOSA service project, recruiting at least ten officers to continue our legacy, and acknowledging the activities of our area chapters through social media posts. We believe that our members have the spotlight, and we hope to support them in their dream to become future healthcare professionals.

INTRODUCTION OF OFFICER TEAM

THE OFFICER ZONE

Nitya Kodali as our President

Lucy Abu as our Vice
President

Shriya Alli as our Secretary

and Tulsi Desai as our
Historian and Reporter

COLOR REVEAL

As green symbolizes new beginnings, Area 2 wants to highlight the next year filled with safe face-to-face conferences and competitions. We want all of our members to embody this Kelly green spirit!

Plans, People, and Places

LDI

From August 1st to the 3rd your Area 2 officers, along with the Texas state and the other six areas, went to the annual Leadership Conference in San Antonio. Every hour was packed with fun team building and spring conference planning. Through these long days, your Area 2 officers redefined their public speaking and leadership skills, making them more successful for the year to come.

FALL LEADERSHIP

Fall Leadership Conference will be held at Cinco Ranch High School on October 9, 2021. The deadline for fall is September 29th. Your officers have lots of exciting activities planned to kickstart the fall season, including a seminar where you can learn how to become a HOSA Area Officer as well. Stay tuned for more information about FLC on our social media!

BE THE MATCH

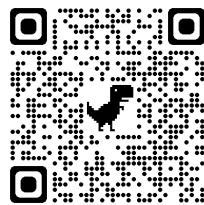

With the new school year, a lot of changes have come. However, one thing that has remained the same is HOSA's drive to support Be the Match. Last year, HOSA chapters around the nation raised hundreds of dollars for patients suffering from blood diseases through Be the Match. This year, Area 2 would like to see more people getting the life-saving blood cell transplants they need and has set the goal of raising \$500 for Be the Match. That equates to five more names on the Be the Match registry—five more lives saved!

Chapter Mentions

Our team has been working hard to share all the amazing things Area 2 has in store through our social media. Keep a lookout as we post more information regarding upcoming conferences, how to become an area officer, as well as fun activities throughout the year! We also share Tip Thursdays and Medical Mondays regularly every week, so check out our Instagram for some valuable information. Follow @hosaarea2texas to keep yourself updated with our area's activities, you don't want to miss out!

Reminder: Dues for all chapters and members are November 15th! We can't wait for another amazing year

Sincerely,
Nitya, Lucy, Shriya, and Tulsi
