2022 FLC Recap

The Area 6 Fall Leadership conference was a great expedition as members ventured into different medical professions! With a life flight helicopter, pharmacy compounding activities, moulage, and a phlebotomy lab, the members in Area 6 had a blast!

During the Fall Leadership Conference, Area 6 had a money wars contest between grade levels to see which grade raised the most money. The Area 6 officer team's art skills were put to the test as they provided face painting to those who donated! In total we raised over \$200 for Be The Match!

Spirit Stick

There was a lot of HOSA spirit at the Area 6 Fall Leadership conferences as chapters roared with excitement! The school that was named to have the most spirit at the Area 6 FLC was Klein Cain High School!

FLC Scavenger Hunt

At FLC, 7 animals were hidden in the school and members submitted photos finding them! 1st place went to Carl Wunsche Sr. High School!

Online Testing Tips

This year the online testing for the Area 6 SLC will not be open note. Competitors will have to use their own knowledge and cannot turn to the aid of outside sources during the test. To ensure this, there will be a proctor for all online tests. Some tips to help with studying:

- Quizlet: make flashcards to quiz yourself for terms/definitions
- Coordinate: if you are in a team event make sure you are taking the online test within 60 minutes of each other
