Why be a HOSA Area 3 Member?

Being a HOSA member gives you more than just a club experience! Through HOSA Area 3, members can build leadership skills, network with other students interested in healthcare, participate in competitive events, attend leadership conferences, and explore opportunities that can help prepare them for future careers in healthcare. Whether you want to compete, lead, volunteer, or simply meet new people who share your interests, there is a place for you in HOSA!

When is the Membership Deadline?

Don't miss your chance to be part of HOSA Area 3 this year! Make sure you complete your HOSA membership by **November 15th** to stay eligible for this year's HOSA opportunities and events. Talk to your chapter advisor and get registered before the deadline!

FLC Plans:

OCT 3RD Fall Leadership Conference

Fall Leadership Conference: What's Coming! ⚕️

Get ready for an exciting Fall Leadership Conference! Here are some opportunities we have planned for you to learn, connect, and have fun.

- Dental, Anatomy, and CPR workshops
- Representatives from the STARS Program, UTSW Medical School, and UTSW PA Program
- Highlight of FLC: CareFlite's emergency helicopter landing! Get ready to see emergency medicine in action as the helicopter lands at FLC.

Silver Spirit 🩶

Show off your HOSA spirit with our Silver Spirit items! Since Area 3's color is Iron Grey, we want everyone to bring their school and HOSA spirit to FLC. Grab your silver gear, show up in style, and help make FLC a memorable experience!

NMDP Fundraiser 🍬

Test your guessing skills while supporting a great cause! We'll have three candy jars, and members can pay cash to submit their guess for how many pieces of candy are in each jar. The person with the closest guess for each jar will win the entire jar! With three jars, there will be three lucky winners, so make your guess count and remember to bring $1 cash!

***Online Testing Events**: Online testing is coming up! Don't wait until the last minute to prepare. Set aside some time to review your event materials, practice key concepts, and get comfortable with the testing format. Study now, feel confident later!*
