Starting a Postsecondary/Collegiate HOSA Chapter

As a chapter start-up leader, you have a valuable opportunity to create an exceptional student organization at your respective university. You can lead the chapter in a direction that clearly supports the purpose of HOSA.

HOSA—Future Health Professionals is indeed 100% health; however, you should not limit your chapter only to pre-health majors. HOSA also benefits those still considering whether or not to pursue a health career, and HOSA membership can help them decide. College students change their majors often. However, regardless of their major, they can still find opportunities and success within HOSA.

Consult this manual and your school's new student organization start-up tips to help ensure an efficient and successful chapter affiliation process.

Most colleges and universities require the following in order to create a new student organization:

- Complete constitution (provided in this manual)
 - Faculty/Staff Advisor
 - Members
 - Approval by student government or by another governing body
- Starting the HOSA Chapter

Starting the HOSA Chapter

- Two separate processes:
 - Affiliate your chapter with HOSA and your HOSA state association.
 - Affiliate/register your chapter through your school's new student organization process. Requirements for Affiliation with HOSA
- At least five active (dues-paying) members
- A faculty/staff advisor
- Chapter Bylaws (Appendix F)
- Complete Online Chapter Affiliation Application
- Consult your state advisor for any additional state-specific affiliation requirements.

Requirements for Affiliation with Student Government/Activities

- Different levels of affiliation, each level presents its own:
 - Benefits
 - Requirements
 - Deadlines
- Consult your student government/student activity office to find the level of affiliation which will meet your chapter's needs.

Barriers, Recruitment, and First Meetings

Beginning Recruitment

Barrier to HOSA Chapter Formation

- Are there other pre-health organizations on campus?
 - If one exists at your school, read about the organization/club and attend their first meeting.
 - To explain to students why HOSA is unique, you must know what the “competition” does or does not offer. For example, HOSA offers scholarships, fifty- five health and leadership-related competitive and recognition events, and partnerships with corporate and nonprofit associations as well as the Medical Reserve Corps and U.S. Public Health Service. These are a few of the opportunities HOSA offers.

How to get students’ attention?

- What interests pre-health college students?
 - Some students may not be willing to spend the time or money necessary to study for competitions or attend the HOSA/State Leadership Conferences. Once you learn your members’ specific interests, you may find some are indeed interested in the ILC and/or SLC. You can then target your in-depth discussions about conferences and competitions exclusively to those who have expressed an interest. See “Growing Your Chapter.”
- What will attract members?
 - Competition
 - Outstanding Volunteer Service Recognition Awards
 - National Service Project
 - Community Service opportunities
 - Leadership Opportunities
 - Medical Reserve Corps and Public Health Partnerships
 - Presidential Service Award
 - Scholarships
 - Exclusive internship opportunities
 - Networks of students and professionals

Membership Recruitment

- Recruit (at least five) potential members
 - How/Where? (See page 5 for discussion of each of the following):
 - Fall/Spring Activities Fair (Very Important)
 - In-Class Announcements
 - Conversations with friends and fellow students (Crucial!)
 - Instagram and other social medias – the Power of Social Networking
 - When?

- As early as possible. Continue membership recruitment throughout the entire year; affiliation for National HOSA is not due until the second semester.

Content of "HOSA in a Nutshell" speech:

- What is HOSA?
 - What makes HOSA unique and what are the benefits?
 - HOSA opportunities may benefit students when applying for health professions schools.
 - Be prepared to answer questions when recruiting students; they want to know what makes HOSA the best organization with the limited time college students have.

HOSA Informational Flyers (Appendix A)

- Clearly and concisely explains the benefits of HOSA to students. Include your name and contact information along with time, date, and location of meetings. You may consider calling the first meeting an "Interest Meeting." Many colleges have graphic design memberships included in tuition; take advantage of this when creating your flyer.

HOSA Prospective Member Sign-Up Sheet should include:

- Name
- E-mail address and cell number
- Class year

Membership Recruitment Opportunities/Activities Fair

- Bring a sign-up sheet or QR code to a form or group chat, along with copies of informational flyer.
- Position yourself at the entrance if possible.
- Never wait for students to approach you (occasionally walk among the students, approach any- and everyone).

What to say:

- Do say: Are you interested in volunteer opportunities? Are you interested in scholarship opportunities?
- During the conversation, transition into a discussion of HOSA and the specific opportunities which make it unique!
- Be sure to transition into HOSA smoothly. HOSA is "Future Health Professionals" and building future health leaders. Feel free to share the mission as well.

Immediately After Activities Fair

- If you haven't already, make a social media account along with an email specifically for your HOSA chapter.
- Create a HOSA list-serv (for sending mass e-mails to interested students) or some other way to contact every interested member at once.
- Send a welcome email/message and other information.

First Meeting

Your First Meeting Room Reservation Policies

Some colleges/universities do not allow organizations on campus to reserve meeting-rooms until they are affiliated with the student government/official organizations. Find out if there are rooms you may use for your first few planning meetings, which do not need to be reserved. If you have a friend who is an officer of another health-related organization, you could ask that organization to reserve a room until your chapter is officially affiliated with the student Government.

Ideas to attract maximum number of people to First (Interest) Meeting:

- Leading up to the first meeting, post a reminder on social media and any other communications platform you have established.
- Advertise incentives at the first meeting; consider bringing food (if your space allows).
- Post flyers around campus with the meeting time, date, and location.

As you proceed with the affiliation process, you may find you need someone to assist you. Consider appointing an interim vice-president for chapter affiliation at your first meeting. However, you should also try to form an executive council as soon as possible to help share your workload and enable the chapter to run as efficiently and effectively as possible. Create an online application for prospective officers to ensure qualified students are selected. Such sites you could use include Survey Monkey, Google forms, etc.

Timing the First Meeting

- Hold meeting as soon as possible at the beginning of the semester.
- Hold the meeting in an easily accessible building (i.e., the student center). Be aware that reservations for rooms sometimes need to be booked months in advance. If you are unable to obtain a room, try and get a study room or other open space that can accommodate potential members. However, members are more likely to show up if there's a clear and official meeting location.

At the first meeting

- Follow the agenda:
 - Take attendance via an attendance sheet or a Google Form or other platform.
 - Introductions (Yourself, vice-president [if applicable]).
 - Ask students to introduce themselves and share their career goals and reason for attending the meeting.)
 - Ask if anyone was HOSA member in high school or has heard of HOSA.
 - State your short- and long-term goals for the chapter.
 - Ask if anyone has any further questions about HOSA.
 - Excite them! Ice-breakers, trivia, and other games are great ways to make the meeting memorable.
- Describe chapter affiliation process:

- The National HOSA affiliation process as well as the process for chartering your chapter with the university and state association.
- Affiliation fees
 - Inform members of the unique opportunities HOSA offers before mentioning membership dues. Emphasize that dues enable HOSA to provide these invaluable benefits.
 - Remember to look into financial aid resources when forming your chapter. The Inspire Fund, outlined more in section L of the HOSA bylaws, helps new chapters and members get funds.
- Solicit suggestions for chapter activities.
- Discuss officer positions (i.e., secretary, treasurer, reporter, etc.)
- You, vice-president and advisor can decide types of positions that are necessary.
- Offer an incentive for the person who brings the most new people to the second meeting who commits to membership.
- Send a follow-up e-mail to the listserv or message with:
 - A summary of the business addressed.
 - Officer positions and responsibilities.
 - Date, time, and location of second meeting.
 - Thank them for attending and make sure they feel appreciated.

At the second meeting

- Elect officers (this depends on your own and your vice-president's discretion)
 - Not all positions may be filled. Continue to seek qualified members to fill positions.

Recruiting an Advisor

- Can be quite challenging.
- Why would this be difficult?
 - Most professors are very busy.
 - May believe it would require too much time.

Ideally, find a health science/professions related faculty member to serve as the advisor. Extend the search to other faculty/staff members if the initial attempt to recruit a related professor is unsuccessful. Remember this HOSA chapter is quite different from a high school HOSA chapter. *Students, not the advisor, will be primarily responsible for administrative tasks necessary to run a successful HOSA chapter.*

- Make it Easy for the Advisor
- Arrange for the chapter to pay the advisor's dues.
- Commit to officers completing paperwork, online affiliation, and handling dues.
- Show appreciation. Have the chapter buy him/her a HOSA-related gift.

Contacting Potential Advisors

- Make a list of health professions or science related faculty and staff members.
- Identify and narrow to five to seven good choices.
 - E-mail and call these people. Set up a time to meet in person. Be efficient and effectively use everyone's time.
 - Overview of Potential Advisor-Form Letter
 - Introduction: Greet the potential advisor. Explain how s/he was identified.
 - Body of Letter: Define HOSA. Share the requirement to have a chapter advisor.
 - Request and Conclusion: Re-statement of topic. Respectful conclusion.

Affiliation

Affiliating the Chapter with National HOSA

- Contact National HOSA at 1-800 321-HOSA or hosa@hosa.org
 - Request a charter number and advisor password for the college or university.
 - Share name of faculty advisor.
 - Send chapter bylaws if requested. (Modify bylaws provided in this handbook to meet chapter's specific needs).
- Visit Chapter Affiliation page and begin the process: <http://www.hosa.org/node/20>
- National HOSA Membership Deadline: **February 1st**
- State advisor contact information: texashosa@texashosa.org

Chapter Affiliation Application

HOSA does **not** allow students to be removed from the chapter's membership list once the affiliation application is submitted. Therefore, it is highly recommended to require members to pay their affiliation fees **before** registering members through the online HOSA Chapter Affiliation Application.

- For the online chapter affiliation application, you will need each member's:
 - Full name and class (i.e., freshman, sophomore, etc.)
 - School or home address
 - Cell number and email address
 - Ethnicity
- Membership fees are due to HOSA 30 days after registration. It is imperative to read directions on HOSA Chapter Affiliation Application prior to submission. Typically, the homepage of texashosa.org will have a "Fee Schedule" posted with the dues for each conference and where/how to send the money.

Affiliate HOSA Chapter with the Student Government/Activities

Familiarize yourself with the varying levels of affiliation for organizations at your college/university. Each level will have different:

- Requirements
- Benefits
- Deadlines
- Explore each level before school begins and pursue the level of affiliation that will enable your chapter to meet the goals you set for it.

Presentation to Student Government

- You may be required to make a presentation to the student government convincing them to recognize the chapter. During the presentation you must be prepared to:
 - Emphasize the uniqueness of HOSA - Explain how HOSA will benefit members?
 - Explain how HOSA will benefit your college community?
 - Explain why this level of affiliation meets your chapter's needs.
 - Contact National HOSA or your state association for assistance with presentation or marketing materials.

Growing Your Chapter

Increasing Awareness of HOSA

- Sponsor campus-wide events:
 - How many per semester? Depends on the number of active members and funding.
- First year: Plan active events/meetings
 - In the fall, try to hold a few events/meetings during HOSA Week, the first full week in November. Remember that Quality is more important than Quantity.

Keeping Members Engaged and Active

One of the main issues with all postsecondary organizations is the nature of college itself: students are busy. There are some things you can do to make HOSA the time commitment students want to attend.

Make Sure You Schedule Ahead

- Posting a semester schedule with times and locations helps members plan ahead. This means reserving rooms, getting paperwork turned in, and other administrator work should be done months in advance if you are able to.
- Minimize cancellations. If you're going to announce an event, ensure it's confirmed so that members do not block their schedule for nothing.

Plan Events Other Than Meetings

- Even if turnout is low in the beginning, it's about consistency and an open door.
- Socials help foster a community and connect members, which in turn increases turnout to more events. Plus, this makes multi-day conferences a lot more fun for the future!
 - Survey the members. Do they want game nights? A spikeball tournament? Study socials? Consider their schedules as well; is it a midterm week? Is there a football game going on?
- Professional development is a big part of HOSA, and can be implemented at the chapter level. Reach out to health professionals about potentially guest speaking at your meetings, host resume or application workshops, or host professor luncheons. The possibilities are endless!

Getting Members Interested in Conferences

There are three conferences that postsecondary chapters can get involved with:

Fall Leadership Conference

- This conference has no fees for collegiate chapters, as your college chapter would be hosting a breakout session for the high school HOSA members.
- Why participate?
 - Team bonding.
 - Leadership experience.
 - Advertising your chapter to the high school members.
 - Low cost for your chapter; only have to pay for travel.
- How to participate:
 - Determine what area your college falls in. See image on the right.
 - Reach out to that Area's FLC chair (visit www.texashosa.org > conferences > Fall Leadership Conference > choose respective FLC Area Memo for contact information)
 - Remember, no registration through the HOSA system necessary for volunteering at this event.
- Breakout session ideas
 - HOSA Bowl/Trivia/Jeopardy
 - Pre-Health Pathways in College
 - Overcoming Imposter Syndrome and Burnout
 - ... and more! Remember to keep it fun. Offering prizes, having ice breakers, and keeping it about the participants all help your breakout session be engaging and successful.

State Leadership Conference

- The State Leadership Conference is a great way for members to sharpen their skills while competing against other pre-health students. HOSA members can choose from 54+ competitive events, plus scholarships and awards. Just like the secondary level, the Top 3 places will advance to Internationals.
- Be sure to affiliate members who want to compete by February 1st (See "Affiliation"). Then, register members for the conference by the posted deadline.
- Frequently check the Texas HOSA website (www.texashosa.org) for conference fees, important dates, and other updates.
- **To ensure your members are able to attend, look into how to make the conference a university-sponsored event**, and have members check with their professors that any tests or labs can be made up beforehand.

International Leadership Conference

- The International Leadership Conference is very similar to the State Leadership Conference, but with even more opportunities for networking and career exploration.
- Funding ILC can be a challenge. Take advantage of any university funds offered. Consider fundraising throughout the year, such as profit shares and bake sales.
- International HOSA also gives additional scholarships; see their website (www.hosa.org) for opportunities.

Handing Off the Chapter

- When you decide on officer positions, consider reserving one or two spots specifically for underclassmen. This ensures that there are always people familiar with the officer duties to carry on the processes when senior officers graduate.
- Handing off the chapter is a gradual process which ideally occurs over the four years of the leaders attending the college/university.
 - **Lead:** Set up a good example for members and other officers; when you lead the chapter with care, this establishes a precedent for your chapter.
 - **Teach:** While still in term, show the underclassmen officers what processes you are doing such as affiliation or reserving campus spaces. At the end of your term, host a transition meeting (or several) where old officers pair with the new ones to show the ropes to. Consider writing a guide to some processes that may be tricky.
 - **Supervise:** Ensure that the new officers have all the resources they need to succeed. Old documents, including previous meeting minutes and passwords, should be passed down.
 - **Follow-up:** Exchange contact information between old and new officers. Check-in with how their term is doing, and offer advice if they ask.

Final Thoughts

Remember to always let your passion for HOSA shine through. The opportunities HOSA offers members are always increasing. Keep up to date by regularly visiting the HOSA website (www.hosa.org), Texas HOSA website (www.texashosa.org), and the Texas HOSA Instagram (@officialtexashosa). Consider reaching out to the Texas State Postsecondary Vice President if you require more advice on establishing your HOSA chapter.

Appendix B: Potential Advisor Sample Letter

Dear **(professor/Dr./name)**,

My name is **(your name)** and **(your relationship to/how you know this professor)**. I am emailing today to see if you'd be interested in sponsoring my organization. I am a member of the **(college name)** Chapter of HOSA-Future Health Professionals. We are searching for a faculty/staff advisor for our chapter. Description of HOSA and benefits: HOSA—Future Health Professionals is a national student-led organization run by and for students interested in pursuing careers in the health professions. Founded in 1976, HOSA now has over 4000 secondary and postsecondary/collegiate chapters in 48 state associations, and over 185,000 members. HOSA is officially recognized by the U.S. Department of Education. HOSA is 100% health; therefore, HOSA focuses resources to helping students become effective, compassionate health professionals and leaders in their chosen field of work. The unique benefits of HOSA include leadership opportunities at the local, state, and national levels, volunteer and community service opportunities, scholarships nationwide, state and national leadership conferences that include educational symposiums, fifty-four different competitive and recognition events, networking opportunities with HOSA's nearly 100 profit and non-profits business and health industry partners. All professional level schools of health professions prefer applicants, who demonstrate leadership skills and actual experience with health-related community service and academic achievement. HOSA membership provides students with all of these key opportunities. www.hosa.org

Faculty/Staff Advisor requirement and time commitment:

The HOSA Bylaws require that each chapter have a faculty/staff advisor in order to affiliate with the state and national associations. The time commitment is guided by how much you want to be involved in our chapter's activities. You may forward any paperwork you receive from National HOSA or (your state) HOSA to our president, who will follow up on the correspondence and simply keep you informed. Although the advisor of our chapter would be encouraged to attend state and national conferences, this, again, is not required to attend these events.

I understand you have many responsibilities. However, we are hoping—as you see the value of our chapter on our campus and realize that the time commitment is minimal—you would consider lending your support as our advisor. Thank you for considering our request. Would it be possible for us to arrange a time to discuss this opportunity? I can be reached at **(your phone)** or my email **(your address)**.
