

## Area 2 HOSA Fall Newsletter

\*\*\*\*\*

### Thank you for an amazing FLC!

We had an amazing time at Fall Leadership Conference, and we hope you did too! It's going to be an amazing year for Area 2- We look forward to seeing you at Spring Leadership Conference! [#Area2ishere4U](#)

Here are a few of our favorite memories from Fall Leadership Conference:

## YOUR Area II 2017-2018 Officer Team

This year at FLC I was able to see students and teachers I had met last year and reconnect

with them. I learned more about what each school was doing to support NAMI and HOSA and how, as officer, I could help them reach their goals. I can't wait to see everyone again at SLC! -Darcy Hansen, President

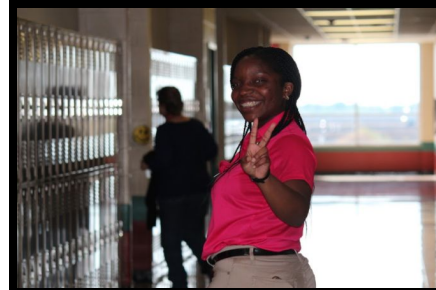

FLC was an enlightening experience for me! I loved meeting new people and developing

more personal relationships with those who have only seen my professional side on stage. I learned a lot, and I hope I taught a little something, too! Hope to see everyone at SLC! - Smiti Gandhi, Vice President

FLC was an amazing experience to me since I was able to connect with so many people from

all over Area 2 and hear about their chapters! I am looking forward to SLC! -Arianna Selph, Secretary

My favorite part of FLC was getting to speak with some of the amazing members we have in

Area 2 and hearing about what they are looking forward to this school year. -Damilola Olabinjo, Historian

### Don't forget about these important dates!

- Area 2 SLC Registration Deadline - January 31, 2018
- Area 2 Stem Premier Uploads Deadline - January 31, 2018
- Area 2 Spring Leadership Conference @ Robert Turner High School- February 16-17, 2018 [4717 Bailey Rd, Pearland, TX 77584, USA](#)

### Support NAMI

The National Alliance for Mental Illness is HOSA's National Service Project. As you may remember, we handed out green ribbons that you wore at our Fall Leadership Conference. Awareness projects such as that and fundraisers are a great way to aid the National Service Project and raise awareness for this worthy cause. Don't forget - March is National Mental Illness month, even though it still is months away, you can raise awareness throughout the year within your community!
