

## Spring Leadership Conference

The Spring Leadership Conference theme is Just Keep P.U.S.H.ing with PUSH as an acronym for persist until something happens. We will have reserved seating for the closing ceremony for the school with the most spirit. Formal HOSA attire will not be mandatory for opening session; therefore, deck the chapters out in **red** in order to win.

## Fall Leadership Conference

The Fall Leadership Conference was a success! The theme, Build to Become, represented the message of working toward your goals in order to achieve them. Our keynote speaker, SSGT. Mothershed, delivered the idea that we must keep pushing when the odds are against us. She connected this idea with her experience in the military. Area 7 learned a lot of skills and essential information through the sessions for effective chapter management.

## Area 7 Leads

Area 7 don't forget to study and prepare for your competitive events because spring leadership conference is just around the corner. We want to make our mark at state. Follow us on the social media handles and submit your chapter's photos to our Instagram and twitter in order to be shown in our slideshow.
